## [For the Daily Indiana State Sentinel.]

MR. EDITOR:—Permit me, through your columns, respectfully, to call the attention of the Teachers of this city and of the middle and southern portion of the State in general, to the propriety of establishing a Teachers' Institute in middle and southern Indiana. The great advantages to the cause of education, flowing directly from an association, such as above named, in disseminating information in regard to the best methods of teaching, securing uniformity in text books, and system and diana. ting information in regard to the best methods of teaching, securing uniformity in text books, and system and concentration of effort in the cause of education, are plainly visible in the superiority of the schools in norther Indiana, Ohio, and other States where Institutes have been established, over those places where they have not. The re-moddeling of our school system under our new Constitution, affords a favorable opportunity, and almost imperiously demands an organization among Teachers, such as above named. Upon them rests the responsibility of carrying out and establishing on a sure basis the laws which may be passed by our Legislature, regulating our school system, and giving to the schools that may be established under those laws, a character for learning and usefulness, inferior to none other in the Union. These results, however, cannot be obtained without concentration and unity of effort on the part of those upon whom the heavy responsibility of educating I will be to the interest of those spent to use the responsibility of educating I will be to the interest of these should not a favorable opportunity, and almost imperiously demands an organization among Teachers, such as above named. Upon them rests the responsibility of carrying out and establishing on a sure basis the laws which may be passed by our Legislature, regulating our school system, and giving to the schools that may be established under those laws, a character for learning and usefulness, inferior to none other in the Union. These results, however, cannot be obtained without concentration and unity of effort on the part of those upon whom the heavy responsibility of educating I will be to the interest of these should not a sufficient evidence of the public as to its utility and value.

Having had our Roof time, overly and value.

Having had our Roof time, outling a two the public as a mode of Roofing is sufficient evidence of the public as to the publ without concentration and unity of effort on the part of those upon whom the heavy responsibility of educating the youth of our land may rest. This concentration and unity of effort can only be attained by an association such as above named. Editors in middle and southern Indiana are, therefore, respectfully requested to give this an insertion in their columns; and the views and opinions of Teachers generally, and of this city in particular, are respectfully solicited, as to the propriety of forming such an Institution, and as to the time and place where the first meeting should be held, preliminary to a foll organization. I have published this over my proper signature, in hopes that Teachers giving their views in

TAKE NOTICE.—I offer for sale one of my eighty acre tracts of land, lying 3 miles south of Indianapelis in the county of Marion, one mile west of the Indianapolis and Madison Radroad. There is a good Orchard of apple, cherry, plum and other fruit trees on each of those tracts, good stock and well water, lasting through the driest seasons—and about 50 acres on one, and 40 on the other—in a good state of cultivation. The soil good and timber abundant and valuable, with a fair supply of wainut, cherry, poplar, burroak, and white oak. Terms easy, and the purchaser may have choice of the tracts. Enquire of Thomas J. Todd, who lives adjoining the premises, or to the subscriber.
